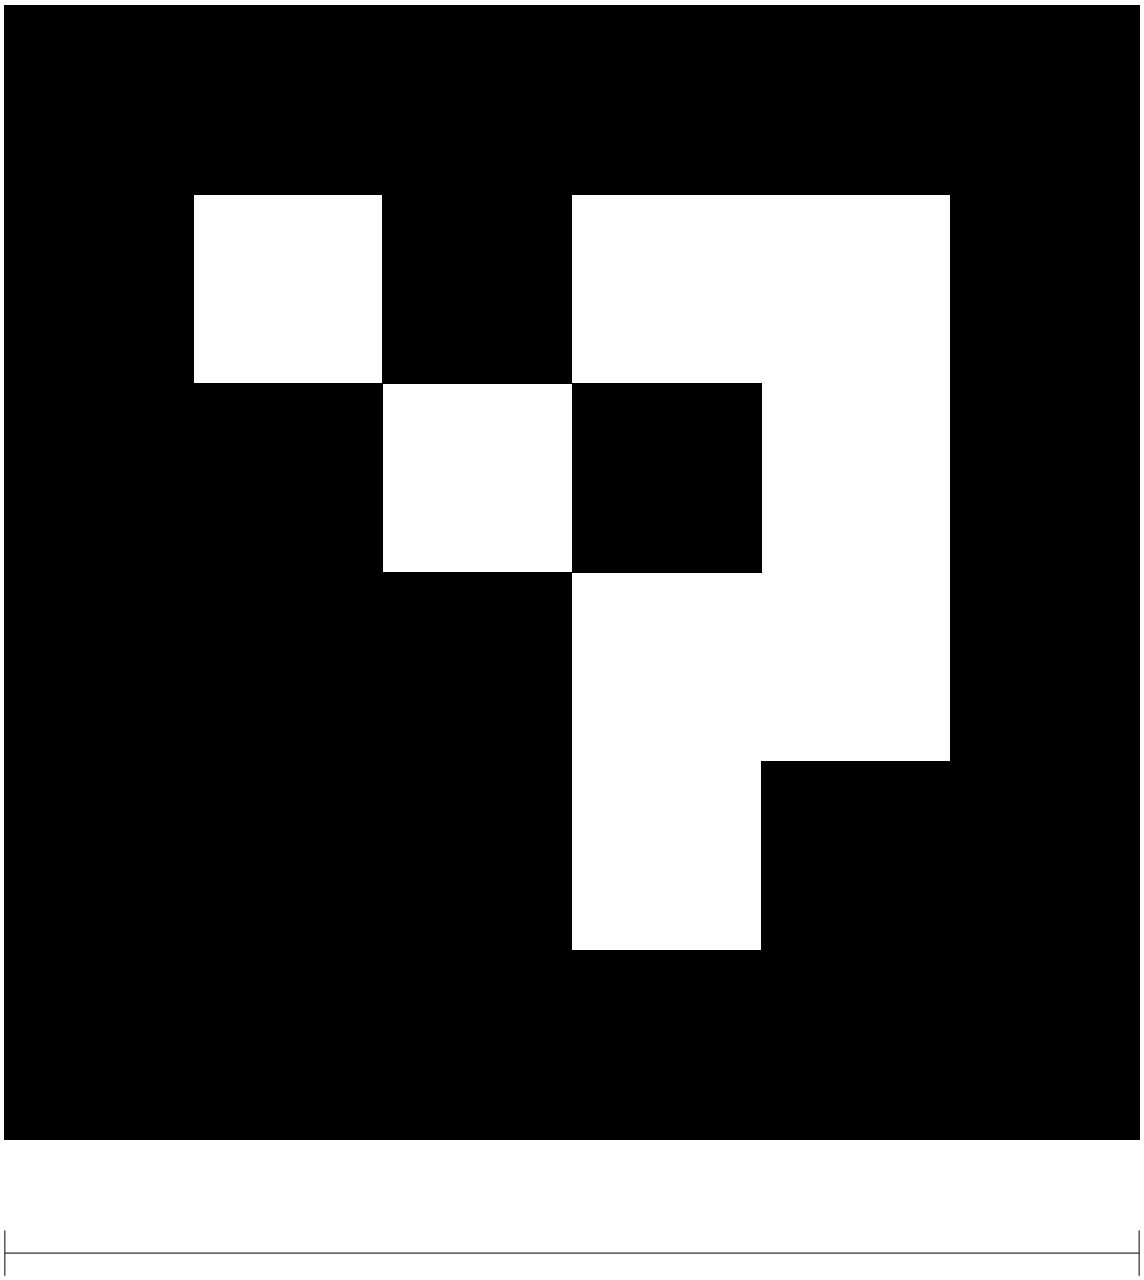
PathAble junction marker 0

DICT_4X4_50 | junction wall marker | A4 paper | print at actual size

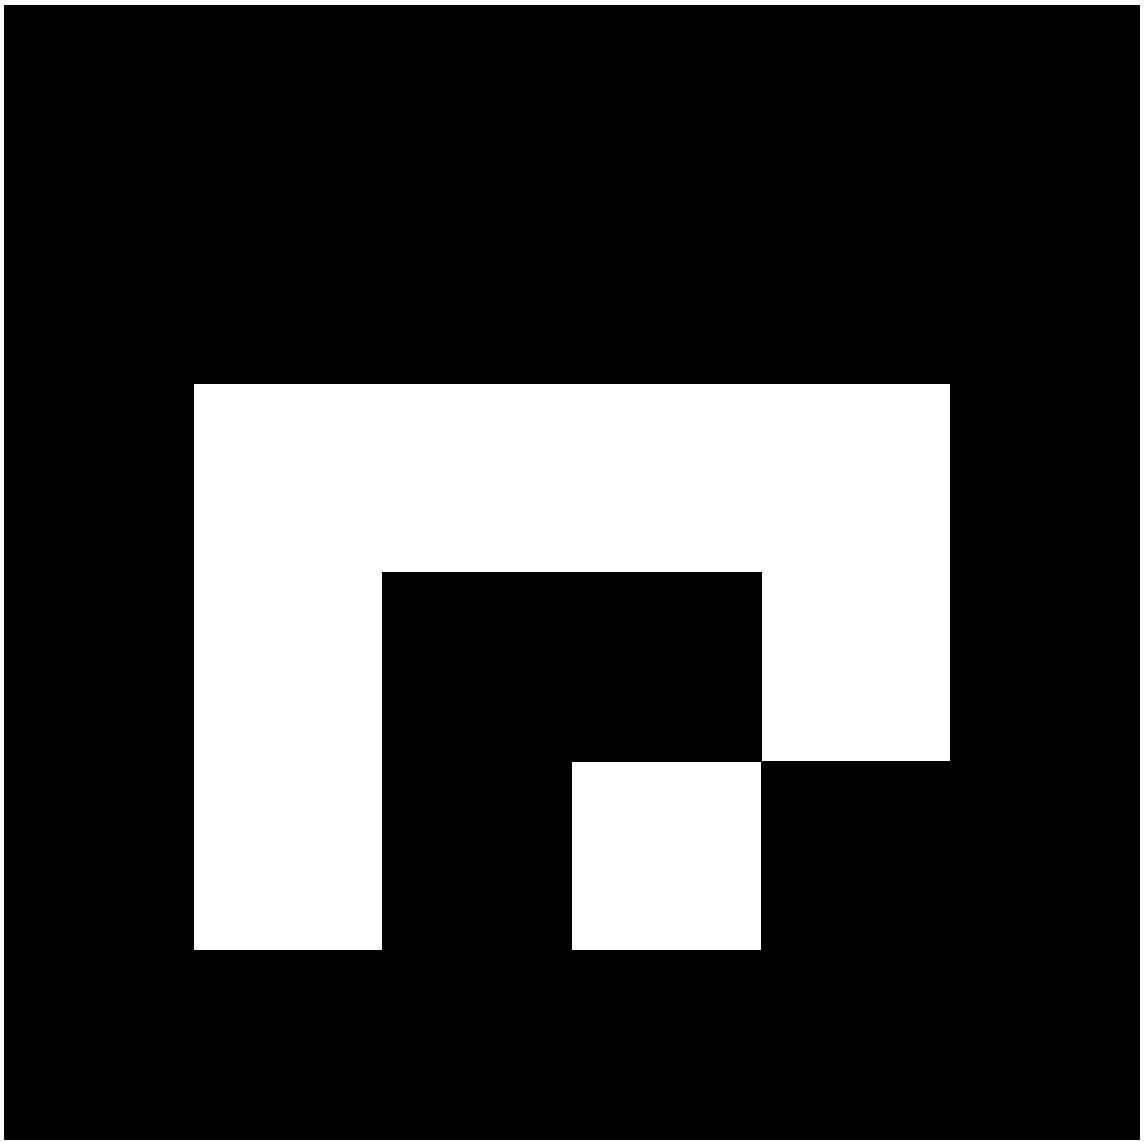


Outer black square must measure exactly 150 mm

Leave the surrounding white space clear; mount flat at chest height.

PathAble junction marker 1

DICT_4X4_50 | junction wall marker | A4 paper | print at actual size

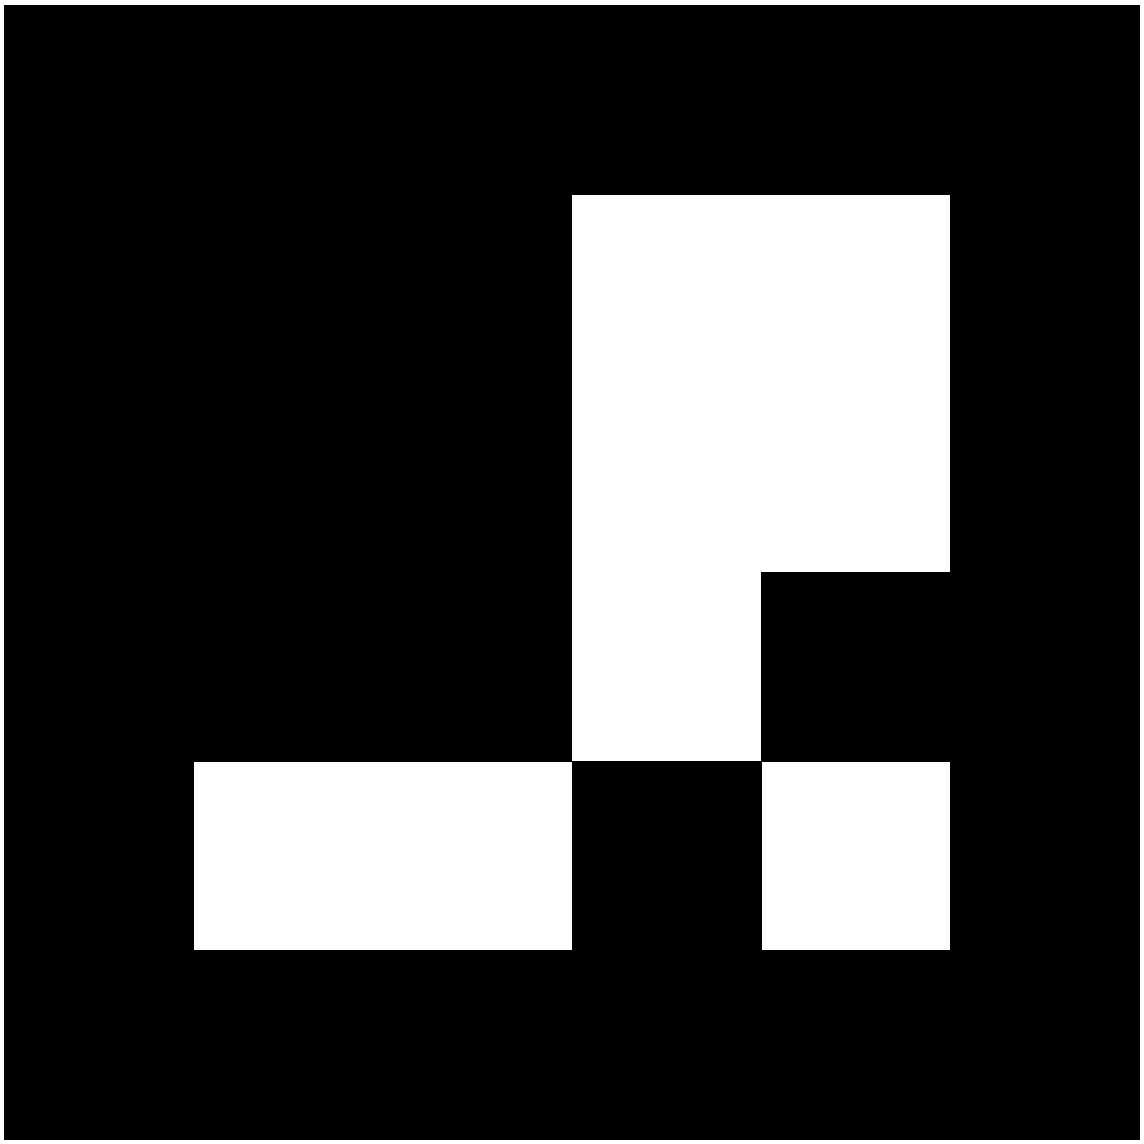


Outer black square must measure exactly 150 mm

Leave the surrounding white space clear; mount flat at chest height.

PathAble junction marker 2

DICT_4X4_50 | junction wall marker | A4 paper | print at actual size

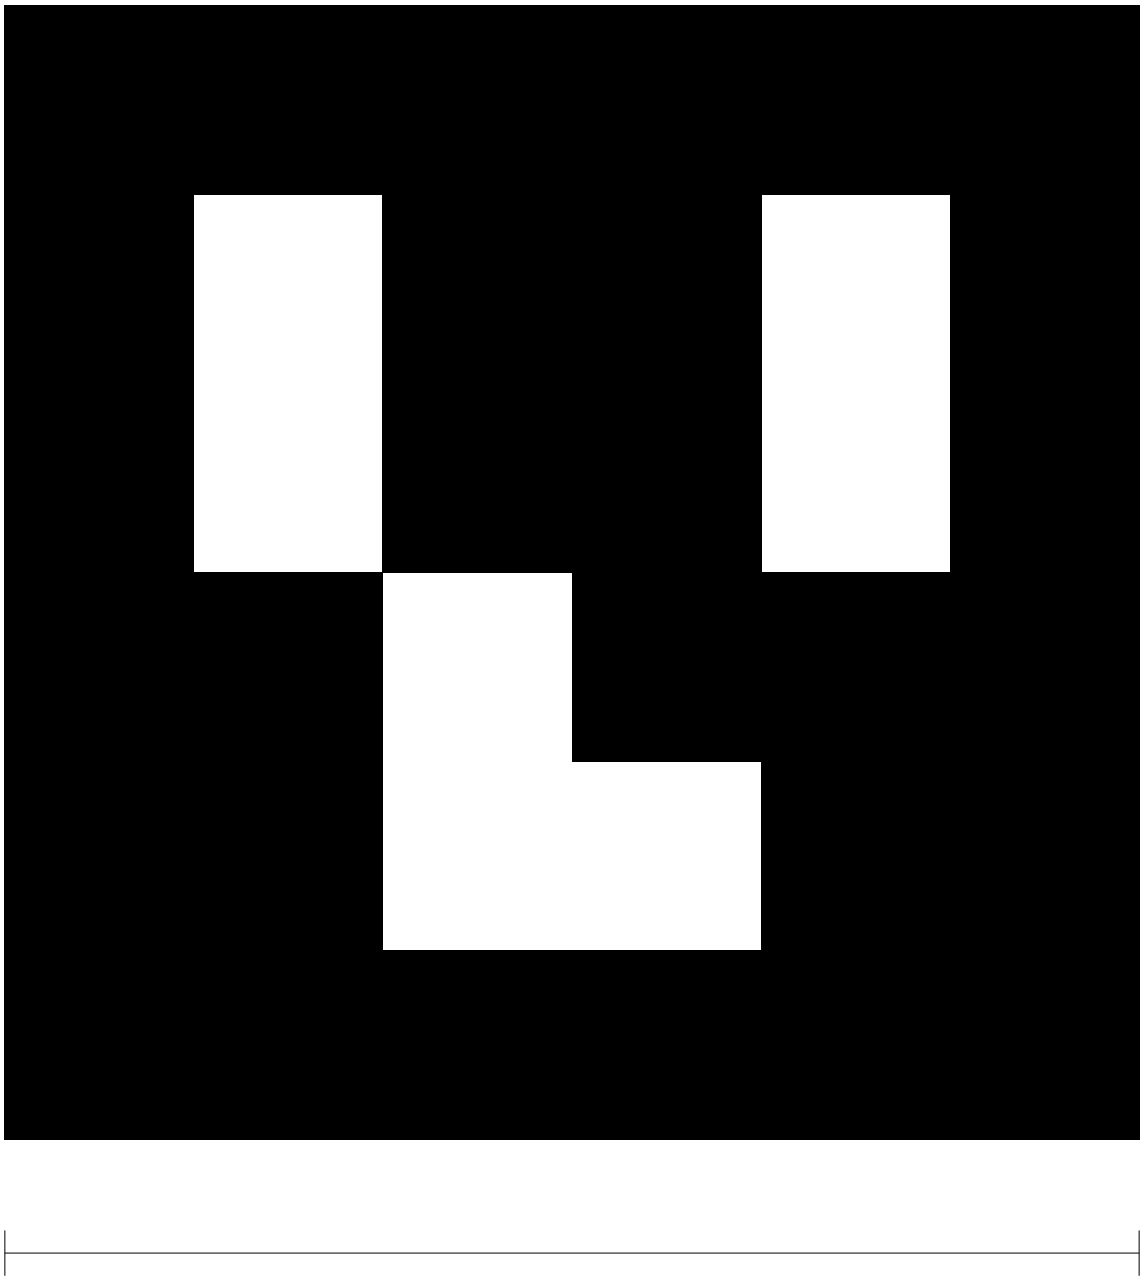


Outer black square must measure exactly 150 mm

Leave the surrounding white space clear; mount flat at chest height.

PathAble junction marker 3

DICT_4X4_50 | junction wall marker | A4 paper | print at actual size

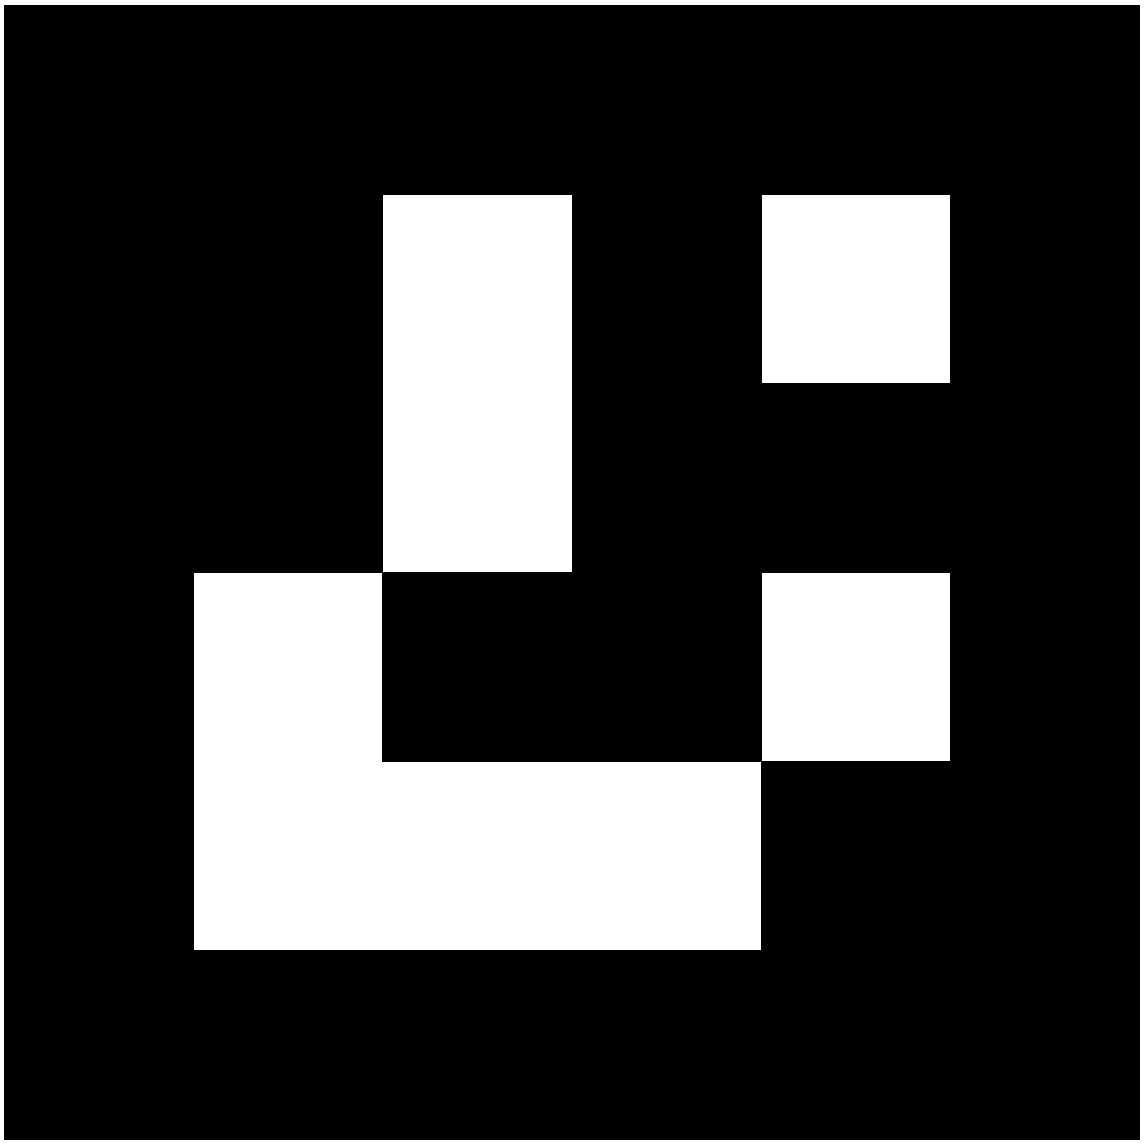


Outer black square must measure exactly 150 mm

Leave the surrounding white space clear; mount flat at chest height.

PathAble junction marker 4

DICT_4X4_50 | junction wall marker | A4 paper | print at actual size

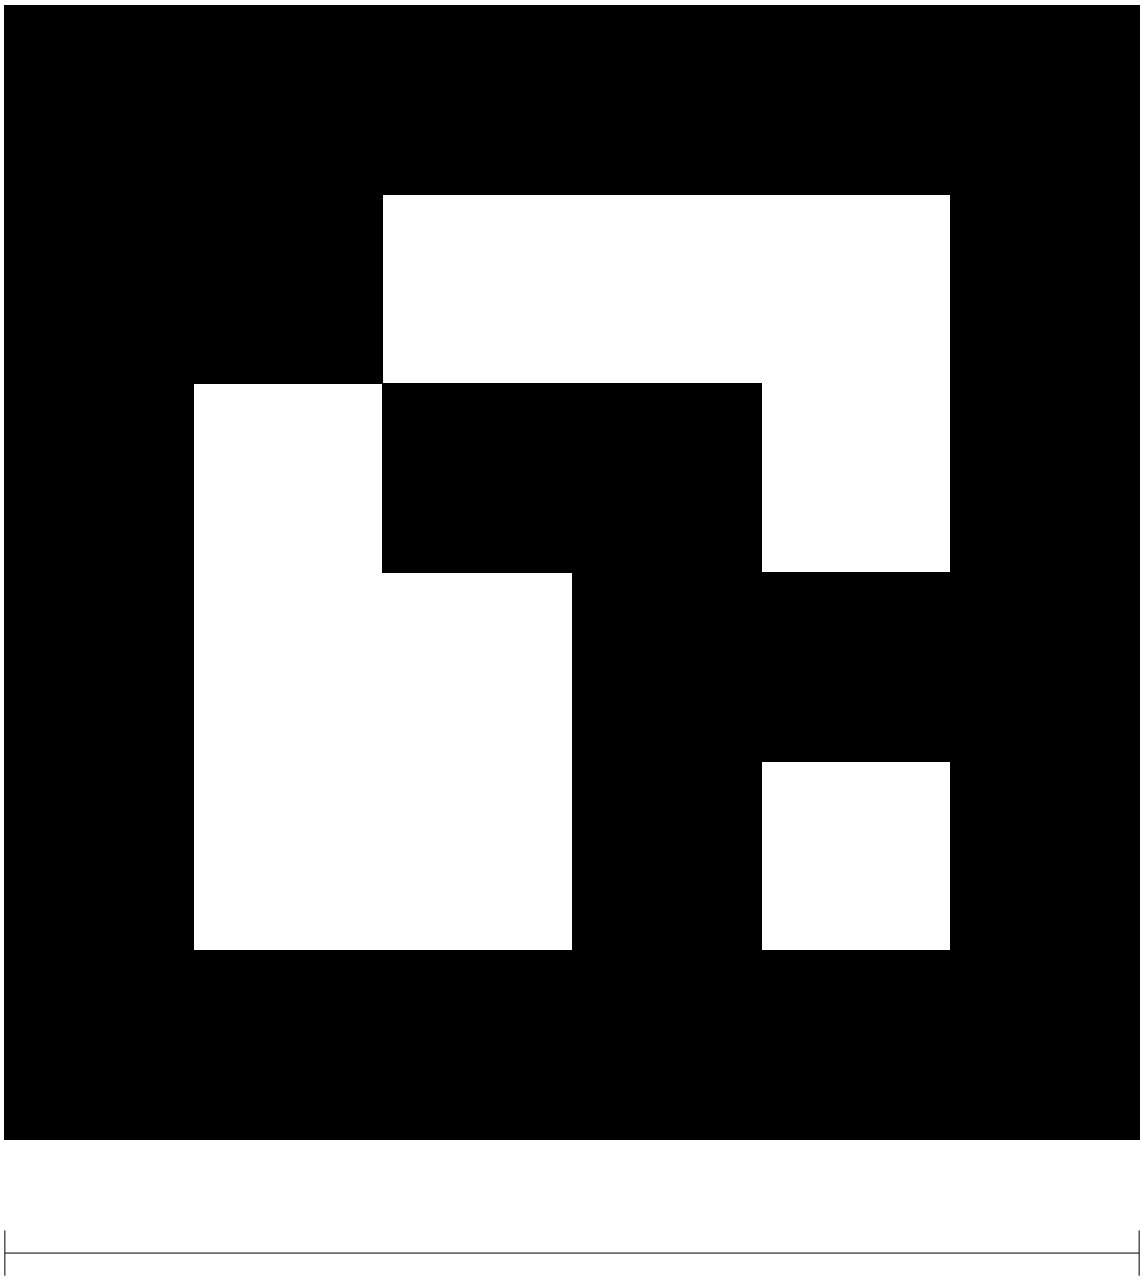


Outer black square must measure exactly 150 mm

Leave the surrounding white space clear; mount flat at chest height.

PathAble junction marker 5

DICT_4X4_50 | junction wall marker | A4 paper | print at actual size

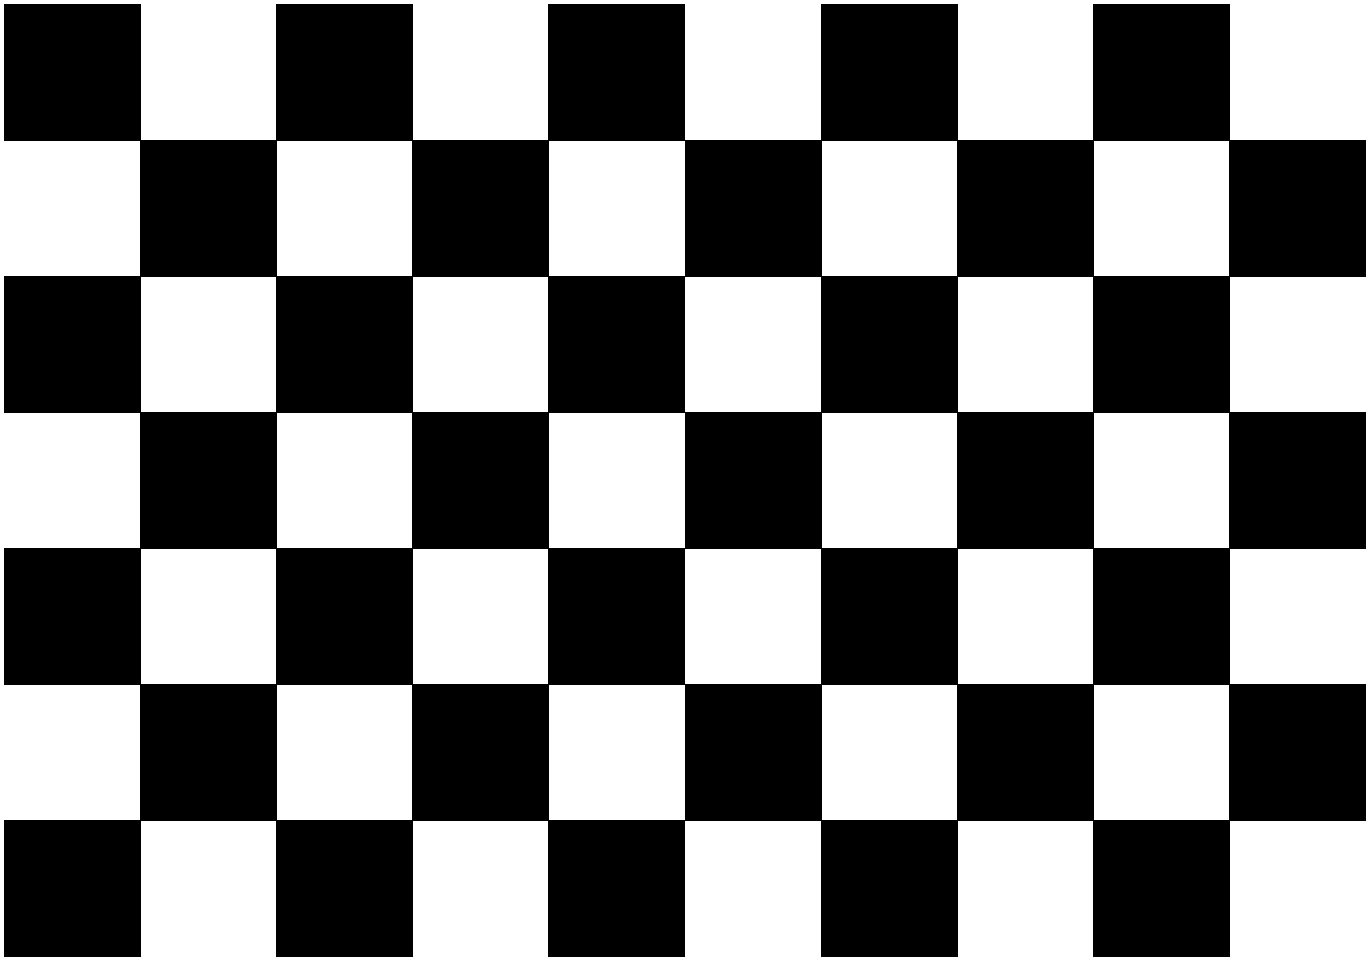


Outer black square must measure exactly 150 mm

Leave the surrounding white space clear; mount flat at chest height.

PathAble camera calibration checkerboard

9 x 6 inner corners | 18 mm square | A4 paper | print at actual size



Check one square with a ruler: exactly 18 mm x 18 mm

Keep the sheet flat and capture it from varied angles across the frame.
